

# Early Judaism

## *A Comprehensive Overview*

Edited by John J. Collins and Daniel C. Harlow

Culled from *The Eerdmans Dictionary of Early Judaism*, a monumental, groundbreaking reference work published in late 2010, *Early Judaism: A Comprehensive Overview* contains fifteen first-rate essays from a diverse group of internationally renowned scholars. This volume provides the most comprehensive and authoritative overview available of Judaism in the Hellenistic and early Roman periods.

# Warring States Papers

*Studies in Chinese and Comparative Philology*

WSP, published by the Warring States Project of the University of Massachusetts at Amherst, focuses on clarifying the structure, date, and historical implications of the classical Chinese texts. Further examples are drawn from from Homer and the New Testament, by way of demonstrating that one basic methodology underlies all the textual sciences.
